IN THE FOREST CATHEDRAL: left to right, Will Williams, Kevin Strom, Svetlana Williams, and Vanessa Neubauer.

A Cosmotheist Wedding

On 20 April, 2019, National Alliance Media Director Kevin Alfred Strom and National Alliance Correspondence Secretary Vanessa Neubauer were united in marriage, exchanging Cosmotheist vows. The ceremony was officiated by Chairman William White Williams in a lovely forest setting with several Alliance members and supporters, and guests and family members of the couple, attending.

The forest floor was decorated with 20 pots of white tulips arranged in the

shape of a Life Rune about 25 feet long, with a stone-edged fire ring at its nexus, near the place where the participants stood.

The ceremony, during which a recording of Beethoven's first *Romanze* played, was closely based on the one created by our founder, William Pierce, with personal vows written by the bride and groom added.

Here is a part of what Mr. Williams said:

Marriage is the most ancient and sacred institution of the race. Before Rome and Athens and Troy were built, before there were cities and before there were governments, marriage was already an ancient institution among our people. It is the institution by which the race has built itself. And it is the institution by which the race will make its future.

Marriage is a union entered into by a man and a woman, and approved and supported by their peers and their community, in order that the two of them together might more effectively accomplish the most important task of their lives than the two of them separately.

That task is to give back, enhanced, to the Life Stream of our people what the Life Stream has given to them; it is to strengthen and to magnify the Life Stream; it is to clear the way for the Life Stream and make it more secure; it is to purify and to elevate the Life Stream. It is to serve the Life Stream through the children that they engender and raise, through the work of their minds and their hands, and through the example they set for all others with their lives.

Marriage, thus, is not a private institution, but, rather it is the most public of our institutions. And that is why we begin it with a ceremony and with the public exchange of vows.

When you make your pledges to each other, you also make them to us, your witnesses.

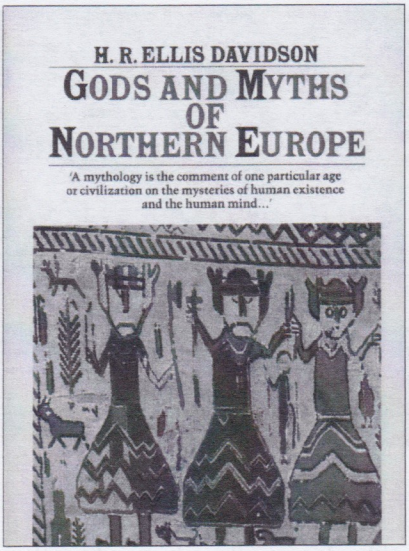
More important, you make them here in this Forest Cathedral, under the clouds and the sun and the infinite starry sky, to that Being of which we all are parts and which has given life to all of us. You make your vows in awareness of the Presence of which the poet William Wordsworth wrote. He said:

I have felt a presence that disturbs me with joy
Of elevated thoughts; a sense sublime
Of something far more deeply interfused,
Whose dwelling is the light of setting suns,
And the round ocean and the living air,
And the blue sky, and in the mind of Man;
A motion and a spirit that impels
All thinking things, all objects of all thought,
And rolls through all things.
Therefore I am still
A lover of the meadows and the woods and mountains
And of all that we behold from this green Earth.

Alliance Chairman Williams, who is also the leader of the Cosmotheist Church, presided in a manner of which Dr. Pierce would be proud, and which was most appropriate to the sacredness of the occasion. There have already been several Cosmotheist weddings and we are sure there will be many more.

Cosmotheist Books News

The ability of customers to use credit cards to purchase books and CDs at cosmotheistchurch.org has been fluctuating for the past month or so but we may have found a lasting way to get around the censors. Members and other purchasers may try to use their credit and debit cards now — but, if they are denied that ability, may order as before using cryptocurrency, or regular mail with checks or money orders. The First Amendment right to redress grievances doesn't apply to the National Alliance because privately owned credit card processing services fear Jewish pressure to shut them down if they do not deny services to whomever the Jews label as "Nazis" or "racists."



H. R. ELLIS DAVIDSON
GODS AND MYTHS OF NORTHERN EUROPE
'A mythology is the comment of one particular age or civilization on the mysteries of human existence and the human mind...'

Regardless of the censors, we move forward: Cosmotheist Books has added an additional ten titles to its inventory of selections in April. They are as follows: *Gods and Myths of Northern Europe* by H.R. Ellis Davidson; *Open Secrets: Israeli Nuclear and Foreign Policies* by Israel Shahak; *You Gentiles* by Maurice Samuel; *The Secret Relationship Between Blacks and Jews, vol. 1* by the Nation of Islam; *Gruesome Harvest: The Allies' Postwar War Against the German People* by Ralph Franklin Keeling; *Cosmotheism: Divine Aryan Consciousness from Man to Superman* by Dr. William L. Pierce; *The "Confessions" of Kurt Gurstein* by Henri Roques; *Eugen Dühring on the Jews* by Alexander Jacob; *The Man Who Invented 'Genocide'—the Public Career and Consequences of Raphael Lemkin* by James J. Martin; and *Jewish Mysticism, an Introduction to the Kabbalah* by J. Abelson. For prices and ordering, visit cosmotheistchurch.org.

We just discovered that one of the novels we publish, Randolph Calverhall's *Serpent's Walk*, is another title that has recently been banned from sale on Amazon.com. Despite all of the setbacks at the hands of the enemies of free speech, we'll keep adding titles to our Cosmotheist Books store.

New *Turner Diaries* Edition and *Power of Truth* CD Coming Soon

In May, the eighth CD in *The Power of Truth* series of the best of Dr. Pierce's spoken works will be added, and the third edition of Dr. Pierce's novel, *The Turner Diaries*, will finally be back from the printer. Except for the correction of some errors, the text of *The Turner Diaries* remains the same as the second edition, but new end matter has

been added, including a very important and extensive Afterword by Dr. Pierce on the genesis, purpose, and impact of the novel.

New National Alliance Banner

The National Alliance dares to say what other more timid or misguided anti-invasion groups are afraid to say: *The invaders must be removed from our society because they are not White and cannot produce White children*, the only kind of children we can allow in our living space if we are to survive.

Our huge 5-foot by 10-foot banner with the Alliance's radical message, simply stating the all-important biological fact that the controlled media and the "conservatives" refuse to mention, was unfurled for the first time shortly after Kevin's and Vanessa's wedding ceremony. When it comes to immigration, conservatives harp on crime, drugs, disease, welfare expenditures, and everything else *except* the central, essential truth that the non-White invaders are drastically impacting the racial health of our nation because they can't make White babies! We hope this pithy slogan will catch on and supplant such wimpy memes as "It's OK to be White." We will provide our activists with a flier that carries this radical message in May, as well as a high-resolution file that can be used to have a banner just like ours printed at your local print shop.

Correspondence

Greetings, National Alliance! Is it a three or four-year anniversary for you gentlemen, and the vibrant, new National Alliance? [Our fifth anniversary is coming up later this year, actually. — Ed.] It's most impressive, and you are to be commended for persevering. You saved the Alliance from the oblivion of being "just another White advocacy organization, for which...there is little demand." Amen to that.

I wanted to thank you for bringing to the attention of the Aryan nationalist audience the emergence of the Nordfront (Nordic Resistance Movement) organization [in the Scandinavian countries]. Suddenly they have exploded on the scene with a well-organized and even larger rank-and-file. Nordfront leadership will be richly rewarded for erecting their new, English language Nordic Resistance Movement Internet site at nordicresistancemovement.org. Their senior

leaders are impressive! Radical but disciplined, forceful but humble, totally dedicated. Nordfront's receiving approval from the Alliance — especially from you, Will and Kevin — that's news! I agree with your assessment that this new NS group is worth supporting primarily for what they are not: They're not part of "the movement"! They work with a Volk-centered philosophy, not a messianic savior structure that has sent many an NS and/or nationalist vessel to Davey Jones locker... I hope they conquer Scandinavia.

I'm delighted that the Alliance is back in the fight, and I read all manner of good stuff on your Web site every day. Your content is refreshingly positive! It "gets old" quickly to read the many pro-Aryan Internet venues where the message is negative, and consistent: "The (((Bad Guys))) own and operate everything; we White Americans are losing everything; and nothing can be done about the browning of America. Millennials are lazy and stupid; Boomers are lazier and stupider, and we will be a pitiful racial minority in 25 years, etc., etc., etc." I prefer to read the National Alliance and Nordfront where most of the information is about authentic, real-time operations in active resistance to the enemy. Contribution enclosed. Very respectfully, — *W.P., Pennsylvania*

Chairman Williams responds: The folks at Nordfront (the Web complex of the Nordic Resistance Movement) are leading the way in Europe. Times and conditions are finally right for stoic Whites on both sides of the Atlantic to resist through serious and completely radical organizations. The National Alliance is glad to see the emergence of these compatible groups. Thanks, W.P., for what you and others are doing to build bridges with them.

Chairman Williams, my monthly pledge is enclosed. I am planning to attend the Nationalist Solutions conference June 28-30. — *J.G., Florida*

Dear Chairman Williams, thank you for approving my membership. I'm thrilled that I received my membership package yesterday and have mailed the member survey today. I can only hope that more of us will take a stand and see how things really should be.... I have been posting and will continue to post our fliers on various Web sites in an attempt to boost our numbers and help fund the Alliance. I will be as active as possible in recruiting — given the right audience I feel I could help bring our numbers up. I've been in supervisor roles for most of my working life and am able to "sell ice to Eskimos"

I do intend on attending the Nationalist Solutions conference in June along with my wife and son. This will be the first gathering I've ever attended. I am further thrilled that we will be selling books there. *The Turner Diaries* was life-changing for me. I feel strongly that if the true patriots of this country do not stand our ground soon we will be a thing of the past. We would like to visit the National Office in the coming weeks since we are nearby. I am so looking forward to helping our future generations live in a better world. — *K.S., Tennessee*

Chairman Williams: Every day this past month a flier or business card was distributed, with several hundred passed out... That the local anti-White rabbi in this area saw fit to mention

us by name in a letter to the editor of a local newspaper was significant. It seems local action is getting inside his head to where he feels the need to whip up more hate for Whites among his followers. The rest of the news media — again! — have been silent with respect to our activities and I believe this is deliberately done. Good! Silencing these "hate Whitey" articles allows our message to reach Whites without the sick commentary by presstitutes, always quoting the SPLC about what "haters" National Alliance members are.

Some news came in the mail today from my appellate defender. She notified me that the Iowa Supreme Court has decided to take my case for deliberation themselves, bypassing the appellate courts. They did this on their own motion due to this being an unprecedented situation. Earlier, in March, the attorneys for both sides had submitted final briefs and I expected to see some scheduling being made this spring for arguments being made before the appellate court. Since the Iowa Supreme Court's docket for the year (ending June 1) has already been scheduled, my case won't be scheduled for any action until September at the earliest. Whatever the outcome, I'm a Cosmotheist first and believe that the best chance for our race to be renewed and to advance remain with the Alliance and the direction Dr. Pierce laid out for us — and that you have resumed. With my very best regards, — *Jim Mathias, Iowa*

Chairman Will, I apologize for my delayed response. I have been exceedingly busy, getting ready for my huge promotion took a lot of my time. Attached is a picture of my with my wife and two of my three kids at the ceremony... We just got back from a week in [deleted], and finally found a house to buy. I sure wish I had more time for the Alliance. What I will do, as soon as we get back there and I figure out my finances, is increase my dues payment. I finally sat down tonight to read both the February and March **BULLETIN**s. Holy moly... I had no idea they sent you to jail! I am so sorry you have to go through this. What an amazing tragedy and travesty that someone who has devoted his entire life to the defense of our race and way of life is sent to jail by the very people he is trying to save. That is unbelievable! I sure hope I can visit the National Office before I leave. If I were not literally moving during the Nationalist Solutions conference, I would absolutely attend. I went to one of Jared Taylor's conferences at that State Park three years ago, or so, and it is a perfect venue. Anyway, I would say to hang in there, but it sounds like you don't really need my encouragement. As Nietzsche said, "That which does not kill us makes us stronger." — *D.B., Texas*

Dear National Alliance: Enclosed are my monthly dues, as well as a $70 donation for the WLP Library Fund. I am glad to have joined the National Alliance and will promote the organization in any way I can. Also, after reading the March **BULLETIN**, I have registered for the Nationalist Solutions conference in June. Thank you for all of the work the NA has done for the preservation of our people. Sincerely, — *A.R., Louisiana*

Hello, National Office: I recently mailed in my yearly membership dues. I sent a check for $600.00 for one year's dues. I am increasing my monthly contribution from $20 per month to $50 per month. I have cancelled all my subscriptions to television. I have done this so I can support the NA in a more meaningful way. I would like to order some books and CDs the old fashioned way by sending a check for my order. Thank you for all you do at the National Alliance. Respectfully, — *B.M., California*

Chairman Williams: Sorry to hear about your woes in the injustice system, but glad to hear that you've bounced back and the absurd criminal case against you is finally settled. I trust you are smart enough not to commit the heinous crime of cracking open a cold beer on a summer day to the tune of six months in prison. What a broken country and what a sick joke of a Soviet judicial system. As I see it, the most fitting way to conduct oneself in these circumstances is to put on a pair of size 25 clown shoes and go cake walking into the courtroom, though that probably wouldn't go over too well. Anyway, I've enclosed a check for $200 to help you along a bit. With my best wishes, — *J.M., New York*

Dear Chairman Williams: The March **BULLETIN** arrived, and has been read and digested... Y'all have done it again — advertised great books without giving prices for those of us who are computer illiterate. I've now run out of good, truthful books to read, so I venture to send a $100 check for *Scalp Dance*, *Hellstorm*, and *Summer*,

1945, all by Thomas Goodrich. Please send me those books, issue a credit for the difference, and, if you can, enclose a printout of all items in the Cosmotheist Books catalog... Take care. Sincerely yours, — *O.C., Louisiana*

Chairman Williams responds: Gee, O.C., you really need to get at least occasional access to a computer. We don't have a printout of the nearly 100 titles at cosmotheistchurch.org. We're not set up to issue credits, either, so I sent you some extra books that I'm pretty sure you will enjoy, to make up the difference. J.M., there's little I'd like more that to cake walk in before the five West Virginia Supreme Court justices with large clown shoes on for my appeal, but I'll try to be professional with them since I'm *pro se*. An Assistant Attorney General has now been assigned to represent the State against me. He'll have a tough job making his case. Homeland Security has had me jumping through their hoops for the past two months, trying their best to disarm me. My misdemeanor battery conviction was not "domestic" so, according to West Virginia law, I should keep my firearms. Besides, the case has no "final disposition" since it is under appeal. Unfortunately, Tennessee's Department of Homeland Security (TDHS) doesn't care about West Virginia law or that the case is under appeal. After faxing TDHS 15 pages of documents and two letters (they don't take phone calls) explaining West Virginia law, I received the following from them on 27 April in a letter:

> Pursuant to T.C.A. 39-17-1352(f)(1), the Department of Safety has received notice that you are currently under a court's jurisdiction for a Class "A" Misdemeanor. Therefore, your handgun carry permit is now suspended...You must surrender your permit within ten (10) days of this notice (dated 23 April)... It is punishable by up to one (1) year in jail for the permit holder to knowingly fail or refuse to surrender the permit to the department within ten (10) days of this notice...

Control, control, control. I'm given thirty (30) days to appeal this ruling, and they require that I'm represented by an attorney for that. At least Homeland Insecurity is only confiscating my carry permit, not my weapons... so far. My eight weeks of court-ordered Mickey Mouse anger management ends on 7 May.

Hello Chairman Will: Thanks for the latest **BULLETIN**. It's good to see that you weathered the storm and that a lot of the past is well placed in the rear view mirror... I have followed the National Alliance since the mid-nineties, realizing it as a beacon of truth. I appreciate the *National Vanguard* posts on Glen Allen and have taken the opportunity to donate to his lawsuit. I was similarly outed by the SPLC. My question would be if others of us would have grounds to file or join the same suit.

I applaud your decision to move an active HQ close to your home. What is to become of the West Virginia HQ? My opinion for decades has been that "The Land" hasn't provided a realistic approach to a healthy business model that would be successful. In the near future I may take a long weekend and take a trip your way, if available I'll stop in. Regards, — *C.L., Ohio*

Chairman Williams responds: You'll have to consult with Mr. Allen about joining his lawsuit, perhaps with an *amicus* brief since you have a strong related interest in revealing the slimy tactics the SPLC used against you. I'll say our organization has weathered some serious storms all right, but it's not going to be clear skies ahead anytime soon for White advocacy groups, including our National Alliance — perhaps *especially* for us since we seem to be feared the most by "our" government, the Jewish hate groups, and their compliant mass media.

Commentary by Chairman William White Williams

Lies, Damned Lies, and Statistics

It's been a busy month for "crime fighting." Director Christopher Wray of the corrupted FBI announced at a press conference on 4 April that "White supremacy presents a persistent and pervasive threat to the United States." When asked what the FBI is doing about this so-called pervasive threat, Wray said, "We tackle it both through our Joint Terrorism Task Force (JTTF) on the domestic terrorism side as well as through our civil rights program on the civil side through hate crime enforcement. We are determined not to tolerate hate-filled violence in our communities, so we're going to aggressively investigate those cases."

The House of Representatives Judiciary Committee held an hysterical clown show on 9 April to examine "hate crimes" in the U.S. which have "greatly increased recently," supposedly "according to FBI data." Jews, other non-Whites, and queers were paneled before the committee's disgusting Jew chairman, Nadler, and the mostly anti-White Democrats and a few acquiescent Republicans on the committee, to whine about all of those persistent, pervasive threats of increased White Supremacy, etc.

On 27 March Bill S.894, called the "Domestic Terrorism Prevention Act of 2019," was introduced in Congress, It authorizes "dedicated domestic terrorism offices within the Department of Homeland Security, the Department of Justice, and the Federal Bureau of Investigation to analyze and monitor domestic terrorist activity and requires the Federal Government to take steps to prevent domestic terrorism." It adds that "Congress finds the following: White supremacists and other far-right-wing extremists are the most significant domestic terrorism threat facing the United States." Last year a joint intelligence bulletin from the Federal Bureau of Investigation and the Department of Homeland Security found that "White supremacist extremism poses [a] persistent threat of lethal violence," and that White supremacists "were responsible for 49 homicides in 26 attacks from 2000 to 2016 ... more than any other domestic extremist movement."

So what if alleged "White supremacists" killed 49 people between 2000 and 2016? That "most significant domestic terrorism threat facing the United States" amounts to a grand total of three per year in a nation of 330 million. Where's the proportionality in "our" government's reporting this scary statistic when just Chicago, Illinois' murder toll from 2001 through 2015 was 7,500 in a city of 2.7 million, almost exclusively at the hands of its Negroes? That figure is almost equal to the combined deaths of Americans in both "Operation Iraqi Freedom" and "Operation Enduring Freedom" in Afghanistan during the same period. Someone better at math than I can play with those statistics. As humorist Mark Twain pointed out: Statistics don't lie but liars use statistics.

Let us make one thing clear: the National Alliance's racial ideology

THURSDAY, APRIL 18, 2019

Where Did They Come From?

GRUGAN TOWNSHIP – No one to this point has claimed responsibility for a white supremacy poster which was displayed last week on a utility pole along Route 120 between Lock Haven and Renovo.

The poster extols National Alliance which, according to its website, is based out of Laurel Bloomery, TN. It proclaims itself as opposed to a "multi-racial society." The Southern Poverty Law Center states National Alliance is "explicity genocidal in its ideology...(its) materials call for the eradication of the Jews and other races...and the creation of an all-white homeland." Information from SPLC says the National Alliance organization membership has declined over the last decade.

An accompanying poster references the World War II Allied bombing of Dresden, Germany, an event seen by some on the far-right in Germany as a mass-murder, what they call "Dresden's Holocaust of bombs," according to historical sources.

The posters had been removed by early this week.

is separatist, not "extremist." The Alliance is not a party to any "White supremacist" movement, does not do anything illegal, and never has. Much less has our organization been involved with any homicides — yet our organization is continually lumped in with every marginal or infiltrated, irresponsible group extant, including prison gangs, by the government powers that be, the controlled media, and quasi-official Jewish hate groups like the ADL and the SPLC. In truth, it is our accusers — the drone-bombing, rights-violating US government, the racketeering, lying SPLC, and the mob-linked ADL who are the criminals.

During April alone our Alliance has been smeared in at least a dozen different media articles that I've been made aware of, including a ridiculous hit piece in the 16 April issue of the popular, Jew-owned *Rolling Stone* tabloid. I also received a clipping — front page, above the fold with a sensationalistic headline — from the 18 April edition of Clinton County, Pennsylvania's *The Record*, wondering where in the world could such "hateful" material as ours have come from. The text in the photo's caption accurately reports that the National Alliance is based

out of Laurel Bloomery, Tennessee, and the photograph shows the flier containing our Web site address, natall.com, answering the question posed in the paper's headline. Then there is the requisite lie: "The Southern Poverty Law Center states National Alliance is 'explicitly genocidal in its ideology'..." The National Alliance Life Rune, "the symbol of White resistance" as our flier says, is shown, and an accompanying additional flier provides the hellstorm-documentary.com Web address, which will lead *The Record*'s more resourceful readers to Thomas Goodrich's documentary and his book, *Hellstorm*, that was featured in the March **BULLETIN**. We need more such activism all over the country!

The Land

To address C.L.'s other comment about moving our National Office to Tennessee and his question about what's to become of the "West Virginia HQ": We've tried our best to maintain and preserve the land Dr. Pierce purchased nearly 35 years ago, but the challenge, besides seemingly insurmountable expense, fighting off civil lawsuits and criminal charges, having enemies inside our gate, and out, has mainly been our inability to get motivated Alliance members to move there and do the necessary work. I lost count after more than 50 eight-hour round trips there from Tennessee, trying to manage the place while dealing with the corrupt West Virginia 11th Judicial District that was determined to put me in jail.

Dr. Pierce wrote in 1986 about the West Virginia land he had purchased:

> The aspect of our racial situation which has concerned me more than any other from the beginning is the fitness of our race for survival. We [Cosmotheists and Alliance members] left the large Eastern and Midwestern metropolitan areas where we have been living and working and resettled ourselves on a rugged, completely undeveloped mountainside more than 100 miles from the nearest city. Our aim has been to establish a new living and working environment more conducive to moral and spiritual health than the one we left. Only in a spiritually healthy environment can we begin to develop truly positive, constructive solutions to the problems faced by the race.

Dr. Pierce's aspirations were sound. Unfortunately that rugged, undeveloped mountainside in West Virginia is in an economically depressed wilderness area, still 100 miles from the nearest city and not a very conducive place for our people to make a new home unless they are already financially secure. It has been exceedingly difficult to attract Alliance members to live there since we relaunched the National Alliance in 2014 under new leadership.

The present Tennessee location of our National Office is much easier to manage, is in a natural and spiritually healthy area away from big cities just as Dr. Pierce envisioned, but just seven miles from the towns of Mountain City, Tennessee, and Damascus, Virginia; just 18 miles from Interstate highway 81 and Abingdon, Virginia, and 30 miles from Boone, North Carolina, and Bristol, Tennessee. Johnson City, Tennessee is 50 miles away. The cost of living is relatively low and lots of nice, inexpensive properties are available here. Except for the two years I spent in West Virginia working with Dr. Pierce in the early 1990s, I have lived here for 27 years and have many local friends

FROM CHAIRMAN WILLIAMS: HELP NEEDED IMMEDIATELY

An Alliance member or couple are needed to volunteer to give us a presence on The Land in West Virginia, at least for a few months, until we can sort out what we will do with that valuable property and the eight habitable buildings and contents. This need for a volunteer is *essential*. Please contact me *as soon as possible* if you are able to be there for the Alliance. You will be provided with a free place to stay with utilities (including telephone and Internet) and a vehicle included. Write to our postal address on page one or email us via the contact form on natall.com — *today*.

and contacts. Our Tennessee National Office is manageable, and the new 50 acres the Alliance purchased here last September holds much promise for rebuilding the National Alliance for years, even decades, to come. There is a great advantage for us in having all our facilities in one area, in a far less hostile environment, in an area with many excellent housing and employment opportunities, and in a place where we have a good and established reputation going back decades.

Storm Water Management Plan

I was annoyed that the Tennessee Fire Marshal and the Tennessee Department of Environment and Conservation (TDEC) had received anonymous Internet complaints about our plans to build the William Luther Pierce Memorial Library and Research Center. We met with the state fire marshals in March and their investigation was closed since the complaint was bogus. I've met with the TDEC environmental investigators this month and that has actually been beneficial toward our being good stewards of the streams that originate on our acreage, entering north-flowing Laurel Creek, one of the cleanest waterways in the country. We are just a dozen miles or so from a continental divide where all water on our side flows to the Atlantic, whereas all water on the other side flows into the Mississippi. With the help of a professional engineer we are devising a environmentally sound storm water management plan that will preserve aquatic life in our streams. A National Office staffer has registered to attend the required classes to be certified to manage our plan.

Religious Freedom?

Two years ago President Trump, without much fanfare, released his executive order regarding religious freedom. In his usual droll manner he called it "a big one... as big as it gets."

Some were encouraged by the release of this new religious freedom order, while others had fears of what would result. But nothing much resulted — until now, that is. The Satanic Temple is the first and only Satanic religion to be granted tax-exempt status by the Internal Revenue Service. So now the Satanic Temple enjoys the same legal protections that other religions have, including the same access to public spaces as do already "approved" religious organizations, and affirming its standing in court when battling religious discrimination; as well as the ability to apply for faith-based government grants. What scares Christian churches is this statement by the Satanic Temple's leader, Lucien Graves: "As 'the religious' are increasingly gaining ground as a privileged class, we must ensure that this privilege is available to all, and that superstition doesn't gain exclusive rights over non-theistic religions or non-belief. Atheistic and secular non-profits, advancing a distinct religious opinion and/or opinion upon religion, are themselves rightful beneficiaries of religious tax exemption as well."

How can this development impact our Nature-based, rational Cosmotheist religion, founded more than 40 years ago, that was denied tax-exempt status back in the 1980s after Dr. Pierce's protracted struggle with the IRS? The Cosmotheist Church opposes the Trump-Pence world view that America is a "Christian nation." We strive for all responsible, racially conscious men and women of our race to eventually unify under a single religious banner, our banner. Should our Church now be able to regain tax-exempt status (and we certainly should, if now even the rather bizarre and socially unpalatable Satanic Temple is newly able to have such status), we will have the same rights as other religions, the rights we should have had all along. Quite apart from the obvious economic boost that would give our Church and our supporters, it would raise the morale of sympathetic Whites and encourage them to join us. We would likely see a spike in membership from White comrades who don't give a whit for either the nonexistent Satan or the nonexistent Yahweh, but who do put the welfare and future of our unique race first and foremost!

We need volunteers to investigate how the Satanic Temple was able to take advantage of Trump's religious freedom order to get their tax exemption. Who were their tax attorneys and what hurdles did they have to cross? Surely if they would work for the hated Satanists, it would follow that they or someone else will do the same for us long-suffering followers of William Pierce's rational world view. After all, we *are* the good guys. At this stage of our movement, it would be a tremendous incentive for our people to make large donations to our Cosmotheist Church if they could deduct those donations on their tax returns. Let's pursue this strategy. Dr. Pierce would. **W. W. W.**
